Prospectus. ABRIDGED PROSPECTUS THE NEW BALMORAL GOLD MINING COM-PANY, LIMITED. CAPITAL - - -Divided into 50,000 Shares of \$3 each, (Of which not more than 25,000 will be offered for Subscription). TERMs: -50 cents per share on application.

The balance at call in instalments of not more than 50 cents per share-one month's notice to be given in respect of each in- cognized stalment called up.

Application for Shares, accompanied by a deposit of 50 cents per share, must be sent in to the Hongkong and Shanghai Banking Corporation on or before the 31st day of January, 1894.

For Forms of Application apply to the HONGRONG and SHANGHAI BANKING COR-PORATION, and the STOCKBROKERS' AS-SOCIATION of HONGRONG.

General Manager at Hongkong: GEO, R. STEVENS. Consulating Committee: DAVID GILLIES. BILLINGTON COUGHTRIE. POON PONG. Secretary pro tem.: W. H. POTTS.

Bankers: THE HONGKONG AND SHANGHAL BANKING CORPORATION.

Solicitors: JOHNSON, STOKES & MASTER.

THIS Company is formed to acquire all the properties and assets of the BALMORAL GOLD MINING COMPANY, LIMIT. ED, now in Liquidation, and hereinafter called the Old Company.

These properties and assets are as follows :-The properties known as The Balmeral, 'The Queen of the Mount,' and The Eureka, (for which £10,665 Cash was paid by the Old Company), and Machinery and other Assets necessary and useful to the New Company, valued at £4,000 making in all \$14,665. Consideration to be paid on purchase

from the Old Company and its Liquidator. 22,686 shares to be allotted sharesholders in the Old Company, \$2 per share to be deemed to have been paid. up, (and with a liability of \$1 per share: 50 cents to be paid on

application, and the balance to be at call) \$45,372 Debts owing by the Old Company and expenses to date of and neluding registration of the pre-

sent Company...... 24,600 N.B.—Many of the creditors of the Old Company have consented to take fully paid-up shares in For working capital-

\$1 per share on 22,686 shares above, mentioned \$3 per share on 19,114 shares...... 57,342---

Capital of the Company,... \$150,000

From the above Statement it will be seen that the Company pays the Old Company (in shares) considerably less than their outlay for the purchase of the properties and

It is believed that the proporties above-mentioned contain very valuable mines this belief being based on the following grounds :

(a). The favorable reports which have from time to time been made on the property by Messra Cox and Seaver, and Ma HENDERSON, independent mining experts of good standing and repute in Australia. Extracts from these reports accompany the Prospectus, and the reports themselves, together with Plans of the properties, are open to inspection at the Office of the Liquidator, No. 1, Duddell Street, Hongkong. From these and from the Extracts from the report of Mr CARL WILHELM GEORG, the Liquidator of the Old Company, it appears that there is a consensus of opinion, on the part of those acquainted with the facts, that

these are valuable mining properties.
(b). Gold to the value of £100,000 has been taken out of these properties and this without any real attempt to develop the mines by sinking deep shafts. (c). The mines when worked by tributers

(i. e., a few miners who from time to time have leased the right to work) have always made large profits for the workers. Before the Old Company was formed upwards of 3,448 oz. of gold were won from about 1,500 to 2000 tons of stone and within the past 12 months tributers on the properties are getting out stone in considerable quantities yielding from oz. to 34 oz. to the ton. The workings of the tributers will not interfere with the sinking of shafts and development of the property and their right of tribute will expire in September 1894.

(d). In parts of the Balmoral property the reef has yielded as much as 4 oz. to 7 oz. per ton, and it is confidently expected that, with certain necessary expenditure in sinking and driving and in the purchase of additional machinery, these properties will turn out gold in very paying quantities.

The Government of New South Wales have promised £100 towards shaft-sinking on the Balmoral property, and the Government Prospecting Board described the Queen of the Mount as a splendid

(f). On the Queen of the Mount property, in 1892, 429 tons yielded 450 oz. to

Both these properties and the Eureka property are more fully referred to in the extracts from Reports which accompany the Prospectus. It is believed that the want of success of

the Old Company was due to the gross mismanagement, ignorance and waste of money at the Mines. The present Company intend to secure the services of business manager from Hongkong in whom the shareholders will have confidence and whose head-quarters will be at the mines and under whose management the money of the Company will be applied honestly and antisfactorily in the development of the properties.

HONGKONG, FRIDAY, JANUARY 26, 1894.

THE combination of the Cotton Spinners Union in Japan and Mr Tata Bombay against the European steamer lines trading between Bombay and Japan is a somewhat complicated affair. High freights are, of course, given as the reason for the opposition now raised by Mr Tata and the Japanese Cotton Spinners; while the steamer companies assert that little if any discontent existed with the former freight rates, which were in reasonable proportion with the fulghts charged for the China Coast and for Hongkong to Japan. Whatever may have been the motive, it is clear enough the rate of Rs. 16 or 17 per ton from Bombay to Japan was deemed more than the apinners cared to pay; and the Spinners' agreement with Mr Tata and the Japanese Steamer Co. stipulates Rs. 12 or Rs. 13 a ton instead. Without questioning the 2.30 p.m.—Auction of Household Furni- right of combination to reduce rates of The N. P. s. s. Glenfalloch, from Loncreasing freights all round—it may be of interest to consider some of the means to be adopted by the Japanese to carry out their agreement. It might Goods per Kaisow undelivered after this be contended that the Treaty precluded the enforcement of some of the rules laid down by the Japanese Union, There can be little doubt they are contrary to the spirit, if not to the letter, of the Treaty; but in the present temper of the Japanese authorities, and in view of their restive. Treaty-revising and Treatydiscarding tendencies, this aspect of

The P. & O. S. N. Co.'s s. s. Formosa left the matter need hardly be considered. The question, however, whether the Japanese as a people are to be implicitly trusted by a British subject and Mr The O. S. S. Co.'s steamship Lacries left Tata is, of course, a British subject-in any arrangement of an unofficial kind is one which should have an important The s. s. Bisagno, from Genoa and bind the Cotton Spinners of Kobamisht not be easy, if, let us say, a British subject were the plaintiff. As a matter of course the P. & O. Company and the other steamer lines engaged in the Bombay-Japan trade have met the Tata-Robe demonstrations by a counterdemonstration. Against the agreed rate of Rs. 12 or 13 per ton of three

bales, the older Companies have announced their intention to carry cotton or yarn from Bombay to Japan at Rs. 2 or 3 a ton. It is undoubtedly a fact that the Japan Cotton-Spinners' Union is a very powerful body, and if its mem. bers do not resort to their old tactics of fighting amongst themselves, it can exercise a very strong influence indeed. But the opposition companies have put forward a bait which is exceedingly tempting, and the temptation may lead bers to offend. What then ! Each Co. has sent us a very sitistic wall member of the Spinners' Union is said to have deposited \$100 into the general fund and has bound himself to maintain the agreement. Penalties are said to have | Ar a meeting last night of the United been fixed for prompt imposition upon Mark Lodge, 419 E.C., the following all members who depart from the agreement; but if a member of the Union elects to ship his cotton from Bombay at the immensely reduced rate of balf a rupee per bale, so far as we can learn. whether any high moral tone would be displayed over the matter, and it is not likely the Courts could take cognisance of such a drastic tradal arrangement. The agreement made with the Japanese been made for two years. Will the Dennys. strain caused by the vast disparity of rates—assuming that the fight continues and no compromise is arrived at -be apt to reach breaking poin before the lapse of two years? Most likely it will, and the fact that the return trade from Japan and China ing Clarke again in the Supreme Court toto India is anything but remunerative, will rather increase than relieve the Lordship adjourned the case to the 1st tension. Cotton or varn carried to Japan for half a rupée a bale

must also pay better than similar goods | to be produced. charged with four rupees, per bale -unless a system of boycotting is instituted which should, we think; come within the terms of a breach of treaty enlikelihood of either a break-down in the combination, or of a compromise, which will abolish the existing cut-throat condition of things. FOOTBALL THE NAVY O. THE CLUB.

.A correspondent, who evidently thinks justice has not yet been done to the recent football match between the Navy and the Club fifteens, sends us the following account :--

In their encounters with the Navy this year, the Colony has either been singularly unfortunate, or we must take it for a fact that the Navy is in the ascendant this season. Since the Imperiouse commissioned in 1891. Hongkong has been beaten time after timelin Football, under both rules; and this year, the Imperiouse won the Sooker' game v. the Club. The same week the Navy was credited with a well-merited win at Fricket and last Wednesday they undoubtedly thrashed the Club at Rugby, though the score of 23 points to 5 hardly shows their superiority. With Taylor to kick their goals their score would undoubtedly have been heavier.

Atkinson won the toss, and at 4.45 the

Navy kicked off against the wind. The Club, for the time, pressed, their forwards showing to advantage in the tight sorums and more than holding the Navy all through the game. But in the loose, they were quite at sea, and the Navy scored their first point (Lloyd Thomas) through some loose forward play. Hale by a really good run gained the next try, but it was not improved on. Olivier was the next to score a good run, and a pass by Boothby, the former easily outpacing the Club backs. Shortly after, the same player scored again simply by outpacing his opponents. And at half-time the Navy were leading by 1 goal and 3 tries.

In the second half, the Navy added three more tries, one more being credited to Olivier and Hale, while Cay gained the third. Just at the finish Murray obtained a clear run, and dodging the back gained the Club their only point from which a goal resulted.

The Club forwards were very good, Markham and Sanders being about the best; and Murray, at three-quarter back, might have done better if he had been supported in any way. The Navy showed their great apperiority at Pocket Wellin'ton un three-quarter back, Boothby at centre dong excellently, and he put in a tremendoublot of work, while Olivier made good use of his pacen Cay, Lloyd Thomas, and Hughes were the pick of the forwards.
